I consent to

to collect, store, transmit, process and use my personal data (salutation, title, first name, last name, address, date of birth, gender, phone and mobile numbers, email address, bank details, photos and comparable data) as well as data for air sports (division, licenses, certificate of suitability and comparable data).

The data will be used to provide me with optimal and comprehensive information, advice and/or support in all matters relating to air sports and the club's purpose. For example, the data is used to determine and bill membership and flight fees. The email address is used, for instance, to automatically send notifications and invoices. The phone numbers are e.g. needed for immediate in the event of accidents. License and suitability data are used by the board member/flight manager to provide proof of the right to fly.

In particular, I agree that the data required for reporting to the BWLV, DAeC and for taking out insurance (name, address, category and dates of birth) may be passed on to these organizations

I also allow the club to publish general data (salutation, title, first name, last name, date of birth, division, photos, air sports data) on the Internet or in the press if necessary.

I am aware that, despite all measures to ensure data protection, the data published on the Internet or in the press can also be accessed in countries that do not have data protection regulations comparable to the Federal Republic of Germany.

I have the opportunity at any time to receive information from the club about the data stored about me or to view it myself. I can request the correction, deletion and blocking of individual personal data at any time. If I have any questions about data protection, I can also contact the club's data protection officer.

I hereby confirm that I have taken note of the above and give my consent with my signature.
